We have a few \$12.50 gents Ulster over-coats that we are closing out for \$10.00. Now is your chance.  
59-11 Lewis Gerlach.

Mr. T. O. Williams moved onto his place north of town last week and J. W. Hunter moved into his house vacated by Mr. Williams, so their many friends will know where to call.

Dick Jordan writes from Belle Fourche S. D. to have the JOURNAL sent to him at that place. He arrived there Jan. 29th, and is going to work on the freight line the remainder of the winter.

Our balmy weather of last week caught cold last Sunday, and the fore part of this week has been spring winter weather and Oh! it makes us shake when we think of our coal bills when prices are sky high.

W. H. DAVIS, Leader.

Ed Maine and wife left for Bonanza, Montana last Saturday evening, where they intend to make their future home. Mr. Maine was one of the early settlers of Sioux county. Their many friends wish them many happy days in their new home.

Last Monday was ground hog day but he failed to see his shadow in this neck of the woods, and if all signs are true we are to have an early spring, and no doubt a great many of our stock-men would appreciate such, though it come through the prediction of a ground-hog.

The scratch of a pin may cause the loss of a limb or even death when blood poisoning results from the injury. All danger of this may be avoided, however, by promptly applying Chamberlain's Pain Balm. It is an antiseptic and quick healing liniment for cuts, bruises and burns. For sale by all Druggists.

### A Mother's Recommendation.

I have used Chamberlain's Cough Remedy for a number of years and have no hesitancy in saying that it is the best remedy for coughs, colds and croup I have ever used in my family. I have not words to express my confidence in this remedy.—Mrs. J. A. Moore, North Star, Mich. For sale by all Druggists.

We learn that some members of the aging class, are kicking on the financial loss as agreed upon by the executive card, and say they are not going to pay for the lessons they have taken. We were in hope that Harrison did not have people within her limits that were so small as that, and we hope yet we are not for we are sure 60 cents for 12 lessons is cheaper than you will find it anywhere unless you get it for nothing, and feel sure that the leader don't pro-giving her time, and talent for nothing, and especially to people that are able to pay for it. So we hope the manager will not have to make a note at the end of any name, that they were so much to beat their music teacher of the small sum of five cents a lesson.

On last Monday night some of our young people met at the school house, and organized a literary society which will take place every Monday night at 7 o'clock. The following officers were elected viz: Archie Davis Pres, Mabel Zerle Vice Pres, Nellie Lindsey Secy., Edith Burke Treasurer, and J. M. Stinson Sargeant at arms. The debating subject for next Monday night is (Which does the most harm to mankind, tobacco or alcohol?)

Whose fault is it that the people of this town are getting such wretched poor kerosene oil? We are paying as high as 20 cents a gallon for what the dealers call the best, but the stuff is so damnily doctored, or something, that it doesn't give any light. If John Riedel is responsible for all this he'd better let the universities shift for themselves and give us genuine illuminating oil for a year or two at least. If John continues to give us such abominable adulterated stuff as he has been giving us lately, he'll land after a while, where he doesn't have to take any of his kerosene along to kindle fires.—Waverly Iowa Independent.

### Tendency of the Times.

The tendency of medical science is toward preventive measures. The best thought of the world is being given to the subject. It is easier and better to prevent than to cure. It has been fully demonstrated that pneumonia, one of the most dangerous diseases, that medical men have to contend with, can be prevented by the use of Chamberlain's Cough Remedy. Pneumonia always results from a cold or from an attack of influenza (grip), and it has been observed that this remedy counteracts any tendency of these diseases toward pneumonia. This has been fully proven in many thousands of cases in which this remedy has been used during the great prevalence of colds and grip in recent years, and can be relied upon with implicit confidence. Pneumonia often results from a slight cold when no danger is apprehended until it is suddenly discovered that there is fever and difficulty in breathing and pains in the chest, then it is announced that the patient has pneumonia. Be on the safe side and take Chamberlain's Cough Remedy as soon as the cold is contracted. It always cures. For sale by all Druggists.

### Carey Items.

Mr. and Mrs. T. F. Golden were visiting friends in this vicinity Monday and Tuesday of last week.

Nicholas Loyd who has been working for Mr. Souther in Wyoming is at home again.

It is reported that Mike Boller has the small pox. Too bad for Mr. Boller, but it is to be hoped that the contagion may be confined to its present limits.

Foster Speare and family from Central Wyoming, are enjoying a visit at the parental home. Miss Minto also, is at home from the Academy.

Mrs. Clinton Metz was visiting at Mr. Everson's one day last week and started for home after night. She somehow missed her course and became bewildered and wandered around in the bad lands and on the prairies all night. When day light came she espied a house at some distance and went to it. It proved to be Mr. A. Carlson's place some 5 or 6 miles from her home. The weather happened to be mild at the time and she only suffered from fatigue, and of course mental anguish. She says that the next time she goes visiting after night she will stay at home.

This is ground hog day and he didn't see his shadow on Cottonwood for it has been snowing all day. TIMOTHY.

Mrs. F. S. Scott and Mrs. Jack Finley went to Harrison Saturday.

Mrs. George Grimm, and son Will went to Harrison Friday.

George Garretson and Mrs. John Plunkett were in town last week.

Roads are pretty good down Monroe just now.

Sunday school at our school house as usual Sunday at 2:30 A. M. all are invited, especially Mr. J. B. Burke.

Pete Peterson corralled a bunch of horses, and stayed over night at Robert Keels on his way to his ranch last week.

There was to be a dance at Paul Zerbst last week, but owing to bad roads there wasn't any crowd. No use to try to have a dance in a vicinity where they can afford two Sunday schools.

Mrs. Belle Dunn and children returned home last week from Denver after a two weeks visit at that place. She says she enjoyed her self while there, but was glad to get back to the ranch once more.

Strayed or stolen, one bachelor, age unknown, weight about 200 lbs. brown hair, blue eyes, very short in stature, wears an unusually long mustache, heard about 4 men growl when last seen, about 2 weeks ago he was out in search of the warbonnet school marm who had failed to come home from school; she returned next day all right, but he hasn't been seen since by your correspondent.

Sunday school at Gustave Norvich's next Sunday at 1 o'clock A. M. all are invited to attend.

Mrs. Sam Koori and son Sammy, and Gussie Norvich visited our school one day last week.

John Colise was up from Bodara in search of a violist to play for his dance last Friday night, but sorry to say he was disappointed as our violist was on the sick list, but we hope he had a good crowd and good time just the same.

There was a surprise dance at Andrew Koori's Friday night. Ed Scott played for them. A light occurred, and broke up the dance as some got huddled and some got frightened, and joked, the father included. George Garretson was so scared he jumped on his horse without saddle or bridle and he hasn't been seen since. The fight was between Frank Hubbard and Ed Witt in particular, but father Norvich, and Andrew Koori were mixed up in it some but Frank closed out the crowd. I haven't heard all the particulars yet but will no doubt.

If done George no good to run he was pursued, and tracked next morning, and found up in the canyon by Witt and Frank; a light ensued in the shadow of the pines, and from the shadow left on Georges face you will think he got worsted.

Your correspondent attended the Royal Neighbor lodge in Harrison last Saturday, and was the inauguration of two new members, and the installation of the new officers. I have been a member of "The Royal Neighbors" for eight years, and attended many such occasions, but never was at one that was rendered better than this, and must say the lodge is up to date with any in the east, and I am sure a lodge carried on by such competent ladies as that will certainly prosper. May it ever prosper in any best wishes.

Miss Ollwetta Luog came down Sunday to stay with her aunt to attend school.

Mrs. Larnan spent Friday night with Laura, Adda and Nona Keel her pupils.

Mr. and Mrs. Bob Keel were in town Saturday.

PROXY.

Andrews Happenings.

Mrs. Shepherd went to Harrison Tuesday last to do some trading. She returned the same evening on the passenger.

Mr. Wm. Fall left for Belmont Tuesday evening. He went to get married. He returned Wednesday with his wife. They will live in Frank Lewis's house.

Mr. Chris Christensen left for St. Louis last Tuesday evening. It is uncertain just when he will return.

Mrs. DeSouther and Mrs. Chris Christensen went to Harrison Wednesday last on the passenger and returned the afternoon of the same day.

Pearl Shepherd missed two days of school last week. We hope she will be able to attend right along as better work is accomplished in regular attendance.

Mrs. Shepherd gave a dinner last Thursday in honor of the new wedded couple, Mr. and Mrs. Wm. Fall. There were quite a number present who enjoyed themselves very much. Mrs. Fall is a good violinist as is her husband also. They furnished music for the crowd which was appreciated.

There was a party at Mrs. Hagerman's Friday evening in honor of the new bride. After a good supper the speaking and singing was enjoyed by all present.

Supt. J. B. Burke visited Andrew's school Thursday afternoon. We all enjoyed his visit and the kind words he said. Make use of your time boys and girls. Study your lessons daily as the teacher maps them out before you. Don't put off till tomorrow the lesson you can learn today. The moments gone can never be recalled. Habit forms character and character tends constantly to fixedness. So be prompt in everything. Study to make a mark in the world, not simply to occupy space. We are here for a purpose to do Gods will, and in all our study let it not fail to gain a knowledge of eternal things, for earthly things pass away, and when death calls us to meet God may he say to us "well done thou good and faithful servant enter thou into the joys of the Lord."

Prof. Stinson from Harrison visited our school Saturday. He reported that the school was doing good work.

Miss Lillian Harris taught last Saturday so that she might leave Friday night for Gen. and stay till Monday evening, and have a good visit with her sister there.

There will be no school Monday.

Pearla Jones stayed over night with Eva Proctor Sunday.

Mrs. S. E. Jones visited our school Saturday. We hope she will visit us again as some were absent, and unable to receive the usual lessons.

Mr. Wm. Mann came after his house-keeping things Saturday morning. He took his things all good by, and left for Madison. May God be with him the rest of his days.

Mr. J. R. Hunter came up from Omaha Saturday.

There was a party at Mr. Shepherds Saturday night given in honor of Mr. and Mrs. Wm. Fall the newly wedded couple. All enjoyed themselves very much especially the supper, and the 1st, 2nd, 3rd, and 6th class coffee that was brewed in the boiler took a mixture of the above, and found it a sure cure for rheumatism, earache, LaGrippe, stomachic acid, love sickness and etc.

Mr. Wm. Saure, a former teacher here, visited our school Wednesday last, and reported a pleasant visit, and the instruction good.

CARDINAL GIBBONS ISSUED WARNING AGAINST DIVORCE

THE MOST BLIGHTING OF SOCIAL SCOURGES KNOWN.

A Comparison of the Spirit of the Savage With the Spirit of Divorce Seekers—the Sermon.

(To the Associated Press.)

Baltimore, Feb. 2.—Preaching at the Cathedral on "The most blighting of social scourges," the only enduring name in history and the only true reformer of society," Cardinal Gibbons sounded a note of warning in a discussion of the growing number of divorce mills.

"Two thousand years ago," said his eminence, "Pagan Rome had all of the temporal blessing this country now enjoys. The wealth of the nations poured into lap. Her empire extended over three continents. She far excelled us in the arts, in oratory, poetry, philosophy and literature and in all of the refinements of cultivated society. Her paintings and sculpture, her literary productions are still our models. And yet while she was in the zenith of her material splendor, she was in a state of moral and political decay.

"There is a barbarism more dense than the barbarism of the savage tribes of the forest. For the children of the forest taught by the God of Nature adore the Great Spirit. I speak of a barbarism God and an overruling providence. From the moral government of the world which takes no account of a life to come, and of the responsibilities attached to it.

"There is a social scourge more blighting and more destructive of family life than Mormonism. It is the fearfully increasing number of divorce institutions throughout the United States. These mills, like the mills of God, are now but surely grinding the domestic altars of the nation. Husband and wife are separated on the most flimsy pretenses. And as if the different states of the union were not sufficiently accommodating in this respect South Dakota has the enviable distinction of granting a divorce for the mere asking of it, on the sole condition of a brief sojourn within her borders.—Lincoln Star.

How true are the above words, and we only wish that such a warning was sounded from every pulpit, and every man, and woman throughout the United States, that have a desire to uphold the sacredness of the holy bonds of matrimony. We hope the words uttered by Cardinal Gibbons may reverberate from ocean to ocean, and from pole to pole into every true and loyal citizen's mind.

take up the cry against his blighting scourge until every court throughout our nation will know of no such law as now rests upon the statutes of every state in the union.

Bodarc Cleanings.

We presume the hedge hog came out as usual to investigate Monday, but we are doubtful about his being able to see his shadow. One thing we do know if this snowy weather continues, even the hedge-hog will be to thin to cast a shadow.

Mr. Wickersham talked for a short time to the people of Bodara last Sunday after Sunday school. He will leave us again in a few days for his home in S. D. not to return till some time next summer.

Baby Anderson has been very sick for the past week, but we are glad to state he is now very much better.

We learn that J. L. Anderson has disposed of his buggy team to Mr. Brown of Five Points.

Z. F. Antrim lost a fine yearling by blacking last week.

There was a quiet dance at John Coffees ranch Friday evening. A pleasant time is reported by all who attended.

Annie Brown was quite sick all last week, but is now much better, and ventured to attend school this week.

Now Peggy when you say we don't appreciate our nice place here, are we to infer that you are looking back to Bodara as the people of old to the flesh-pots of Egypt? We want to tell you that you need not regret the move. Bodara is very dull this winter, and we believe you have struck the most noisy spot in the country.

We learned that F. M. Hall's children have been sick, but are much better, but Matt failed to report at Sunday school, we presume they are still on the sick list.

Ben Scott and his charger was seen in the valley Friday. He failed to call on us, but then he had other, and more important business to attend to.
